REQUEST FOR CONFIDENTIAL TREATMENT

Middle Point Telephone Company, SAC 300633, (“the company”) requests that the portion of its Form 481 pertaining to the 5-Year Service Quality Improvement Plan be granted confidential, non-public treatment pursuant to Sections 0.457 and 0.459 of the Commission’s rules, 47 C.F.R. §§ 0.457, 0.459, and related provisions of the Freedom of Information Act (“FOIA”), including 5 U.S.C. § 552(b)(4) (“Exemption 4”). Form 481 contains information regarding the company’s Section 54.202(a) 5- Year Service Quality Improvement Plan including capital expenditures and operating expenses. Release of such information would supply a roadmap to competitors regarding confidential build out plans and study area demographics. In addition, the document contains confidential information that is not customarily disclosed to the public or made available within the telecommunications industry. Information in support of the company’s request for confidential treatment pursuant to Section 0.459(b) of the Commission’s Rules, 47 C.F.R. § 0.459(b), is provided below.

I. MIDDLE POINT TELEPHONE COMPANY’S FORM 481 SATISFIES THE REQUIREMENTS OF § 0.459 OF THE COMMISSION’S RULES

The material for which the company seeks confidentiality falls squarely within the requirements of Section 0.459 of the Commission’s rules. As demonstrated below, the company has satisfied each of the elements of Section 0.459, and disclosure of this information would result in competitive harm to the company.

(1) Identification of the specific information for which confidential treatment is sought. The company requests confidential treatment for the portion of Form 481 required by 47 C.F.R. § 54.313 related to the Section 54.202(a) 5- Year Service Quality Improvement Plan. The information bears the legend “Confidential Financial Information. The specific information falls into the categories of: 1. Capital Expenditures, 2. Operating Expenses and 3. Area Demographics

(2) Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission. The information is required to be produced annually by 47 C.F.R. § 54.313. The proceedings are WC Docket No. 10-90 and WC Docket No. 11-42. The documents will also be submitted in WC Docket NO. 14-58

(3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged. The information for which confidentiality is requested is “financial” and commercial¹ in nature. The information is “confidential” in that it “would customarily not be released to the public.”² The courts have elaborated that material “is ‘confidential’ . . . if disclosure of the information is likely to have either the following effects: (1) to impair the government’s ability to obtain necessary information in the future; or (2) to cause substantial harm to the competitive position of the person from whom the information was obtained.”³ Both of the considerations apply in this instance, as further explained in point (5) below.

(4) Explanation of the degree to which the information concerns a service that is subject to competition. All of the services provided by the company are subject to intense existing or potential competition.

¹ See *Board of Trade of the City of Chicago v. Commodity Futures Trading Comm’n*, 627 F.2d 392, 403 & n.78 (D.C. Cir. 1980) (courts have given the terms “commercial” and “financial, as used in Section 552(b)(4), their ordinary meanings).

² *Critical Mass Energy Project v. NRC*, 975 F.2d 871, 873 (D.C. Cir. 1992) (citing the Senate Committee Report).

³ *Nat’l Parks and Conservation Ass’n v. Morton*, 498 f.2d 764, 770 (D.C. Cir. 1974) (footnote omitted); see also *Critical Mass Energy*, 975 F.2d at 873.

(5) Explanation of how disclosure of the information could result in substantial competitive

harm. If the information were publicly available, it would supply competitors with financial information not ordinarily available to the public. Specifically, rural telephone service has historically lent itself to “cherry picking” by competitors that choose to only serve low cost areas. Release of this specific build out and operating expense information would allow competitors to gain an unfair advantage.

(6) Identification of any measures taken by the submitting party to prevent unauthorized

disclosure. The information for which the company seeks confidential treatment is information that the company does not customarily release to the public. The company also limits the internal circulation of this information to only those with a need to know.

Consistent with 47 C.F.R. § 0.459(a), the items for which confidentiality is requested are being submitted with, and are covered by, this request. This request for confidentiality - as well as the documents subject to this request - are being filed in hard copy and/or electronic copy.

(7) Identification of whether the information is available to the public and the extent of any previous

disclosure of the information to third parties. The documents and information for which confidentiality is sought are not made available to the public and have not been disclosed to third parties, except to those entities identified in 47 C.F.R. § 54.313(i). For those disclosures, the company has requested confidential treatment by the entities for the same information.

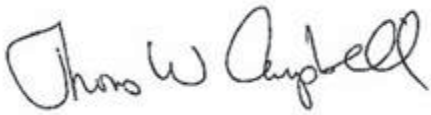

(8) Justification of the period during which the submitting party asserts that material should not be

available for public disclosure. Given the sensitive nature of the information for which confidentiality is requested, the prospect of serious competitive harm, the company requests that confidential treatment apply indefinitely.

II. CONCLUSION

For these reasons, pursuant to Sections 0.457 and 0.459 of the Commission's Rules, the company requests that the portion of Form 481 relating to the Section 54.202(a) 5 - Year Service Quality Improvement Plan be treated as confidential under the Commission's rules and precedent and withheld in their entirety from public inspection, and that any distribution of them within the Commission should be limited to a "need to know" basis. In the event that any person or entity requests access to the documents or seeks to make any or all of them part of the public record, the company requests to be notified immediately so that it can oppose such request or take other action as necessary to safeguard its interests and the interests of consumers.

Sincerely,

Middle Point Home Telephone Company

Form 481 Line No. 610 Description of Functionality in Emergency Situations

Middle Point Home Telephone Company is in full compliance of Ohio rule 4901:1-6-3, "Emergency and Outage Conditions" which is outlined below. Middle Point Home Telephone Company has permanently installed a back-up generator for its central office and maintains adequate portable generators for remote serving stations. Employees remain informed as to the procedures to be followed in emergency situations based on the guidance in our written emergency plan.

4901:1-6-3

- (A) Each facilities-based local exchange carrier (LEC) shall design, operate, and maintain its facilities to continue to provide customers with the ability to originate and receive calls at all times. The commission will utilize existing FCC rules applicable to emergency and outage operations. Companies shall submit outage reports utilizing, at the company's discretion, either existing FCC reports or a format determined by the commission.

- (B) Each facilities-based LEC shall submit, within two hours of discovery, to the commission's outage coordinator and when appropriate, the news media in the affected area, a notification that it has experienced an outage, whenever that outage occurs on any facility that it owns, operates, leases or otherwise utilizes and is both:
 - (1) Expected to last for a period in excess of thirty minutes.

 - (2) Potentially affects at least nine hundred thousand user minutes in the incumbent local calling area.

- (C) Each facilities-based LEC shall report, by telephone or electronic means, a disruption of 9-1-1 services, which impairs 9-1-1 service within a given county 9-1-1 system, immediately to each county 9-1-1 public safety answering point, to the Ohio 9-1-1 coordinator, and to the news media in the affected area, when appropriate.

- (D) Each facilities-based LEC experiencing a loss of communications or selective routing to a public safety answering point, as a result of an outage described under paragraphs (B) and (C) of this rule, shall also notify, as soon as possible, by telephone or electronic means, any official who has been designated by the management of the affected 9-1-1 facility as the LEC's contact person for communication outages at that facility; and the LEC shall convey to that person all available information that may be useful to the management of the affected facility in mitigating the effects of the outage on efforts to communicate with that facility.

- (E) Each facilities-based LEC experiencing an outage described under paragraphs (B) and (C) of this rule, shall electronically submit to the commission's outage coordinator the same information as that provided to the FCC or the following information:

- (1) A notification that it has experienced a outage, which shall include the name of the reporting entity, the date and time of the onset of the outage, a brief description of the problem, the particular service affected, the geographic area affected by the outage, the number of customers affected, an estimate of when the service, including 9-1-1, will be restored, and a contact name and telephone number by which the commission's outage coordinator may contact the reporting entity.
 - (2) Not later than seventy-two hours after discovering the outage, an initial communications outage report, which shall include all pertinent information then available on the outage and shall be submitted in good faith.
 - (3) Not later than thirty days after discovering the outage, the provider shall submit electronically a final communications outage report, which shall include all pertinent information on the outage, including any information that was not contained in, or that has changed from that provided in, the initial report.
- (F) Each facilities-based LEC shall develop, implement, and maintain an emergency plan and make it available for review by commission staff. The plan shall include, but not be limited to, all of the following:
- (1) Procedures for maintaining and annually updating a list of those customers who have subscribed to the federal telecommunications service priority program, as identified in 47 C.F.R. 64, appendix A.
 - (2) Procedures for priority treatment in restoring out-of-service trouble of an emergency nature for customers with a documented medical or life-threatening condition.
 - (3) In addition to the telecommunications service priority program, each LEC shall develop policies and procedures regarding those customers who require priority treatment for out-of-service clearance. Such procedures shall include a table of restoration priority, including, but not limited to, subscribers such as police and fire stations, hospitals, key medical personnel, and other utilities.
 - (4) Procedures for restoring service to priority critical facilities customers.
 - (5) Identification and annual updates of all of the facilities-based LEC's critical facilities and reasonable measures to protect its personnel and facilities.
 - (6) Assessments and evaluations of telecommunications facilities available to provide back-up service capabilities.
 - (7) Procedures for after-action assessments and reporting following activation of any part of the emergency plan. An after-action report will be written and will include lessons learned, deficiencies in the response to the emergency, and deficiencies in the emergency plan.

- (8) A current list of the names and telephone numbers of the facilities-based LECs' emergency service personnel to contact and coordinate with in the event of any real or anticipated local or national threats to its ability to provide telecommunications service.
- (9) A current list of the names and telephone numbers of the facilities-based LEC's emergency service personnel that is made available to the commission's emergency coordinator, upon request.
- (10) A continuity of operations plan to assure continuance of minimum essential functions during a large scale event in which staffing is reduced. Such plans shall provide for:
 - (a) Plan activation triggers such as the world health organization's pandemic phase alert levels, widespread transmission within the United States, or a case at one or more locations within Ohio.
 - (b) Identification of a pandemic coordinator and team with defined roles and responsibilities for preparedness and response planning.
 - (c) Identification of minimal essential functions, minimal staffing required to maintain such essential functions, and personnel resource pools required to ensure continuance of those functions in progressive stages associated with a declining workforce.
 - (d) Identification of essential employees and critical inputs (e.g., raw materials, equipment, suppliers, subcontractor services/products, and logistics) required to maintain business operations by location and function.
 - (e) Policies and procedures to address personal protection initiatives.
 - (f) Policies and procedures to maintain lines of communication with the public utilities commission of Ohio during a declared emergency.
- (G) Each facilities-based LEC shall amend its emergency plan in accordance with the findings identified in the after-action assessment report required under paragraph (F)(7) of this rule.

 Middle Point Home Telephone Company
 Form 481 Line No. 1210 Lifeline Plans, Terms and Conditions

Middle Point Home Telephone Company is in full compliance to all Federal Lifeline eligibility rules and regulations as well as Ohio Revised Code 4901:1-6-19, Lifeline Requirements, which states:

4901:1-6-19

- (A) An incumbent local exchange carrier (ILEC) that is an eligible telecommunications carrier (ETC) under 47 C.F.R. 54.201 shall implement lifeline service throughout the ILEC ETC's traditional service area for its eligible residential customers.

- (B) Lifeline service shall be a flat-rate, monthly, primary access line service with touch-tone service and shall provide all of the following:
 - (1) A recurring discount to the monthly basic local exchange service rate that provides for the maximum contribution of federally available assistance;

 - (2) Not more than once per customer at a single address in a twelve-month period, a waiver of all nonrecurring service order charges for establishing service;

 - (3) Free blocking of toll service, 900 service, and 976 service;

 - (4) A waiver of the federal universal service fund end user charge;

 - (5) A waiver of the telephone company's service deposit requirement.

- (C) The ILEC ETC may offer to lifeline service customers any other services and bundles or packages of service at the prevailing prices, less the lifeline discount.

- (D) The ILEC ETC also shall offer special payment arrangements to lifeline service customers that have past due bills for regulated local service charges, with the initial payment not to exceed twenty-five dollars before service is installed, and the balance for regulated local service charges to be paid over six, equal monthly payments. Lifeline service customers with past due bills for toll service charges shall have toll restricted service until the past due toll service charges have been paid or until the customer establishes service with another toll provider.

- (E) Every large ILEC required to implement lifeline service shall establish an annual marketing budget for promoting lifeline service and performing outreach regarding lifeline service. Every large ILEC shall work with the advisory board established in paragraph (F) to reach consensus, where possible, regarding an appropriate budget for promoting lifeline and performing outreach and regarding how the budget will be spent. All funds allocated to this budget shall be spent for the promotion and marketing of lifeline service and outreach regarding lifeline service and only for those purposes and not for any administrative costs of implementing lifeline service.

- (F) All activities relating to the promotion of, marketing of, and outreach regarding lifeline service provided by the large ILECs shall be coordinated through a single advisory board composed of staff of the public utilities commission, the office of the consumers' counsel (OCC), consumer groups representing low income constituents, two representatives from the Ohio association of community action agencies, and every large ILEC. The commission staff shall provide active leadership in the initial organization of the statewide board and the development of procedures and bylaws under which the board will operate. Commission staff shall, with the assistance of the office of the consumers' counsel, work with the advisory board to reach consensus on the organization of the board and all activities relating to the promotion of, marketing of, and outreach regarding lifeline service. However, where consensus is not possible, the commission's staff shall make the final determination. Decisions on the organization of the board and decisions of the advisory board including decisions on how the lifeline marketing, promotion, and outreach activities are implemented are subject to commission review.
- (G) All other aspects of an ILEC ETC's state-specific lifeline service shall be consistent with federal requirements. The rates, terms, and conditions for the ILEC's lifeline service shall be tariffed in accordance with rule 4901:1-6-11 of the Administrative Code.
- (H) Eligibility for lifeline service under this rule shall be based on either of the following criteria:
- (1) An individual's verifiable participation in any federal or state low-income assistance program that limits assistance based on household income. These programs include:
 - (a) Medical assistance under Chapter 5111. of the Revised Code (medicaid) or any state program that might supplant Medicaid;
 - (b) Supplemental nutritional assistance program (SNAP/food stamps);
 - (c) Supplemental security income (SSI) under Title XVI of the Social Security Act;
 - (d) Social security disability insurance - blind and disabled (SSDI);
 - (e) Federal public housing assistance, or section 8;
 - (f) Home energy assistance programs (HEAP, LIHEAP, E-HEAP);
 - (g) National school lunch program's free lunch program (NSL);
 - (h) Temporary assistance for needy families (TANF/Ohio works); or
 - (i) General assistance, including disability assistance (DA).

The commission may add or remove programs from this list as required by federal or state law.

- (2) Other verification that an individual's household income is at or below one hundred fifty per cent of the federal poverty level. ILEC ETC's may use any reasonable method of verification. Consistent with federal law, examples of acceptable documentation include the following:
 - (a) State or federal income tax return;
 - (b) Current income statement or W-2 from an employer;
 - (c) Three consecutive months of current pay stubs;
 - (d) Social security statement of benefits;
 - (e) Retirement/pension statement of benefits;
 - (f) Unemployment/workmen's compensation statement of benefits;
 - (g) Any other legal document that would show current income (such as a divorce decree or child support document).
- (I) All ILEC ETCs must verify customer eligibility consistent with the federal communications commission's (FCC) requirements in 47 C.F.R. 54, to enroll customers into lifeline assistance who qualify through household income-based requirements.
- (J) The commission shall work with the appropriate state agencies that administer federal or state low-income assistance programs and with carriers to negotiate and acquire information necessary to verify an individual's eligibility and the data necessary to automatically enroll eligible persons for lifeline service.
- (K) To the extent that appropriate state agencies are able to accommodate automatic enrollment, every ILEC ETC shall automatically enroll customers into lifeline assistance who participate in a qualifying program.
- (L) An ILEC ETC shall provide written notification if the carrier determines that an individual is not eligible for lifeline service enrollment and shall provide the person an additional thirty days to prove eligibility.
- (M) An ILEC ETC shall provide written customer notification if a customer's lifeline service benefits are to be terminated due to failure to submit acceptable documentation for continued eligibility for that assistance and shall provide the customer an additional sixty days to submit acceptable documentation of continued eligibility or dispute the carrier's findings regarding termination of the lifeline service.

- (N) Commission staff will maintain on the commission's website a copy of boilerplate customer notices that are compliant with the FCC's requirements. Any ILEC ETC choosing to create and use its own customer notice shall submit its proposed notice to commission staff for approval.

- (O) An ILEC ETC shall establish procedures to verify an individual's continuing eligibility for both program and income-based criteria consistent with the FCC's requirements in 47 C.F.R. 54.409 to 54.410. ILEC ETCs shall maintain records to document compliance with these requirements and shall attest, as part of the periodic ETC certification process by the commission, that they comply with the FCC's requirements.

- (P) An ILEC ETC may recover through a customer billing surcharge on retail customers of the ILEC's telecommunications service other than lifeline service customers, any lifeline service discounts and any other lifeline service expenses that are not recovered through federal or state funding and that are approved by the commission under this paragraph. The surcharge may not include recovery of expenses related to the marketing and promotion of lifeline service. The surcharge may be established through one of the following means:
 - (1) An ILEC ETC that chooses to establish a customer billing surcharge to non-lifeline customers, to recover lifeline service discounts and expenses identified in this paragraph shall file a thirty-day application for tariff amendment (ATA). Such application may request recovery of lifeline service discounts that are not recovered through federal or state funding such as federal universal service fund end user charges, service connection charges, blocking of 900/976, recurring discount maximizing the contribution of federally available assistance, and recurring retail price differences between the frozen lifeline service rate and residential BLES rates, as well as lifeline service expenses that are not recovered through federal or state funding such as administrative expenses for the sole purpose of verifying the eligibility and enrolling of lifeline customers. An applicant must provide documentation to support its proposed surcharge and its compliance with this rule. Absent suspension or other commission action, the application shall be deemed approved and become effective on the thirty-first day or later date if requested by the company.

 - (2) An ILEC ETC requesting recovery of any expenses not specified in paragraph (P)(1) of this rule shall file an application with the commission, using the most up-to-date telecommunications filing form, under the TP-UNC case purpose code. An applicant must provide documentation to support its proposed customer billing surcharge and its compliance with this rule and must further support its request for recovery of any expenses not specified in paragraph (P)(1) of this rule with a detailed supporting memorandum. Absent suspension or commission action, the application shall be deemed approved and become effective on the one hundred twenty-first day or later date if requested by the company.

- (Q) If an ILEC ETC chooses to establish a customer billing surcharge to recover its lifeline expenses under paragraph (P)(1) or (P)(2) of this rule, the lifeline surcharge shall not appear in the section of the bill reserved for taxes and government-mandated charges as set forth in 47 C.F.R. 64.2400 to 64.2401.

- (R) An ILEC ETC that is authorized to establish a customer billing surcharge under either paragraph (P)(1) or (P)(2) of this rule shall annually file with the commission a report that identifies actual amounts recovered and the actual lifeline service discounts and any other lifeline service expenses incurred for the prior period. The company shall provide such data as necessary to enable the

commission to validate such amounts to ensure that the company did not over recover its approved expenses from customers. The commission shall establish for each such company the timeframe for filing this report when the commission approves any such billing surcharge. The annual filing may be contained in a request to adjust the billing surcharge in accordance with paragraph (P)(1) or (P)(2) of this rule, but shall be provided via a separate filing and docketed in a generic case number to be established by the commission, if no adjustment to the billing surcharge is sought. Any over-recovery or under-recovery shall be offset against or added to the next year's recovery.

(S) Every ILEC ETC shall file with the commission in its annual assessment report the number of its customers who receive, at the time of filing of the report, lifeline service.

(T) Upon request of commission staff, additional information regarding customer subscription to and disconnection of lifeline service shall be provided to commission staff in accordance with rule 4901:1-6-30 of the Administrative Code.

1221

The following local tariff provides the terms and conditions for voice telephony plans offered to Lifeline customers.

1222 and 1123

The flat rate service includes unlimited local calling service minutes of use. The local services offerings do not include any toll minutes of use. The rates for any toll usage are determined by the rate plans of the Toll Provider(s) that the customer selects.

LIFELINE/LINK-UP REQUIREMENTS

A. GENERAL

1. Lifeline shall be a flat-rate, monthly, primary access line service with touch-tone service **or** the Company may offer any other packages/bundles of service, if available to customers, less the lifeline discount and shall provide all of the following:

 - f. Unemployment/Workmen's Compensation statement of benefits;
 - g. Any other legal document that would show current income (such as a divorce decree or child support document).
6. Customers qualifying for Lifeline with past due bills for regulated local service charges shall be offered special payment arrangements with the initial payment not to exceed \$25.00 before service is installed, with the balance for regulated local charges to be paid over six equal monthly payments. Lifeline service customers with past due bills for toll service charges shall have toll restricted service until such past due toll service charges have been paid or until the customer establishes service with a subsequent toll provider.
7. All other aspects of the state-specific lifeline service shall be consistent with the federal requirements. The rates, terms, and conditions for lifeline service shall be tariffed in accordance with Rule 4901:1-6-11.

LIFELINE/LINK-UP REQUIREMENTS (Continued)

B. REGULATIONS (Continued)

8. The Telephone Company shall provide written notification to the customer applying for Lifeline service that is determined ineligible for Lifeline service and shall provide an additional 30 days to prove eligibility.
9. The Telephone Company shall provide written customer notification if a customer's Lifeline service benefits are to be terminated due to failure to submit acceptable documentation for continued eligibility for that assistance. The lifeline customer shall have an additional sixty (60) days to submit acceptable documentation of continued eligibility or dispute the findings regarding termination of benefits.
10. The Telephone Company shall establish procedures to verify an individual's continuing Lifeline eligibility for both program and income based criteria consistent with the FCC's requirements in 47 C.F.R. 54.409-54.410.

C. ENROLLMENT PROCESS

1. Existing Customers

- a. Customers with dial tone wanting to establish lifeline service should complete and submit a Company lifeline application, and provide documentation if applicable, within 15 business days of requesting the discount.
- b. The Company will review the customer's lifeline application to determine customer's eligibility within 15 days.
- c. If the customer is eligible for the lifeline discount, the Company will credit the customer's bill retroactive to the date of customer's request for lifeline service.
- d. If the customer does not return the application with the appropriate documentation, if required, within 15 business days, the customer will need to re-apply for lifeline discounts. Should the Company determine that a customer does not qualify for lifeline assistance or if the customer submits incomplete documentation, the Company will provide written notification to the customer and give the customer an additional 30 days to prove eligibility. If after that additional 30 days the customer has failed to prove eligibility or provide the necessary documentation, the customer must re-apply for the lifeline discounts.

2. New Customers

- a. Customers applying for new service and requesting to establish lifeline service should complete and submit a Company lifeline application, and provide documentation if applicable, within 15 business days of requesting the discount. The Company will process the lifeline application without delaying the installation of new service.
- b. The Company will review the customer's lifeline application to determine the customer's eligibility within 15 days.

LIFELINE/LINK-UP REQUIREMENTS (Continued)

C. ENROLLMENT PROCESS (Continued)

2. New Customers (Continued)

- c. If the customer is eligible for the lifeline discount, the Company will credit the customer's bill for installation charges and the monthly discount retroactive to the date the customer's service is established.
- d. If the customer does not return the application with the appropriate documentation, if required, within 15 business days, the customer will need to re-apply for lifeline discounts. Should the Company determine that a customer does not qualify for lifeline assistance or if the customer submits incomplete documentation, the Company will provide written notification to the customer and give the customer an additional 30 days to prove eligibility. If after that additional 30 days the customer has failed to prove eligibility or provide the necessary documentation, the customer must re-apply for the lifeline discounts.

D. INCOME ELIGIBILITY

- 1. The Telephone Company must verify through acceptable documentation that a customer qualifies for Lifeline Assistance. Such verification must be performed within 60 days of a customer's service establishment. Examples of income documentation are identified in Section B.5.a-g.
- 2. Regardless of when the Company completes the verification process Lifeline benefits shall go back to the date the qualified customer established lifeline.
- 3. The Telephone Company shall provide written notification to customers that do not qualify for Lifeline Assistance. The notice shall give the customer an additional 30-day opportunity to prove eligibility or dispute the company's determination. Such notice shall be given at least 30 days prior to the date the Company intends to terminate the lifeline benefits.
- 4. Written notification must include: 1) the earliest date termination of lifeline benefits will occur if the customer has been receiving the benefits or the last date the customer has to provide documentation to prove eligibility to receive the benefits; 2) the reason(s) for termination of lifeline benefits and any actions which the customer must take to demonstrate continued eligibility; 3) contact information for the Telephone Company; and 4) a statement explaining who customers may contact in the event of a dispute.

LIFELINE/LINK-UP REQUIREMENTS (Continued)

D. INCOME ELIGIBILITY (Continued)

5. If a customer disagrees with a company's findings regarding eligibility for Lifeline Assistance, the customer may file an informal/formal complaint with the Public Utilities Commission of Ohio.

E. VERIFICATION FOR CONTINUED ELIGIBILITY

1. The Telephone Company must notify customers at least 60 days prior to the company's pending termination of the customer's Lifeline Assistance if the customer fails to submit acceptable documentation for continued eligibility for benefits. Such notice will be separate from the bill and will include: 1) the earliest date termination of lifeline benefits would occur; 2) the reason(s) for termination of lifeline benefits and any actions which the customer must take to demonstrate continued eligibility; 3) contact information for the telephone company and 4) a statement explaining who the customer should contact in the event of a dispute.
2. Should a customer fail to submit proper documentation within the 60 day period, the Telephone Company will terminate the customer's lifeline benefits and require the customer to re-apply.
